WELCOME to Wyong — the cancer capital of the Central Coast...  
Daily Telegraph, July 2017

... northern half of the Central Coast is a veritable cancer cluster with rates of all forms of the disease 20 per cent above the state average.  
Daily Telegraph, July 2017

... when it came to breast cancer, rates were generally higher in more affluent suburbs of the Central Coast.  
Daily Telegraph, July 2017

...skin cancer was alarmingly above the state average across most of the Central Coast...  
Daily Telegraph, July 2017
