

Dr Michael  
Hunter

**Dr Michael Hunter** MBBS FRACS (Ortho) AAOrthA is a highly regarded Orthopaedic Surgeon who has undergone training in Australia, Canada and the United Kingdom. He specialises in lower-limb surgery, particularly single and double knee replacements and mini incision hip replacement surgery.

Dr Hunter performs knee reconstructive, realignment and arthroscopic surgery. He also has a particular interest in foot and ankle techniques with deformity correction and treatment of degenerative conditions.

With such extensive experience, Dr Hunter now passes on his advanced skills and knowledge through regular involvement in junior doctor training and research through the public and private hospitals on the Central Coast.

Dr Hunter consults as part of Coastal Orthopaedics and Sports Injuries (COSI) at Gosford Private Hospital, and operates both there and at Tuggerah Lakes Private Hospital.
