

## Dr Malcolm Glase

**Dr Malcolm Glase** MBBS FRACS FAOrthA is a highly trained and qualified Orthopaedic surgeon.

Dr Malcolm Glase has particular expertise in arthritic conditions of the Hip and Knee. He specialises in Anterior Minimally Invasive Surgery (AMIS®) for total hip replacement and is regarded by many as one of the most experienced direct anterior approach surgeons in Australia.

Since 2007, Dr Glase has performed in excess of 2,000 direct anterior approach (AMIS®) cases and currently performs more than 300 direct anterior total hip replacement procedures per year.

He has become a strong advocate of the approach, recognising the advantages of this technique in patient recovery.

Dr Glase also specialises in primary and revision total knee arthroplasty utilising the latest technology and implants that have been well documented on the joint registry in order to achieve optimal outcomes for his patients.

Dr Glase is a Fellow of Royal Australasian College of Surgeons and a Fellow of Australian Orthopaedic Association.

Areas of Interest:
