

## Cardiac Catheterisation Lab: Registered Nurses Full Time/Permanent Part Time

Gosford Private Hospital has been the largest and most comprehensive private hospital on the Central Coast for over 35 years and has played a pivotal role in providing quality service to the community across several generations. The hospital currently consists of 129 inpatient beds, 9 operating theatres, 2 endoscopy suites and provides general and advanced surgical services, orthopaedic, medical/oncology, Cardiac Services with Cath Lab & CCU/ICU, rehabilitation, and the Central Coast's only private obstetric unit.

There are 11 Cardiologists and 3 Vascular Surgeons performing diagnostic and interventional procedures, device implantations and electrophysiology studies in the Gosford Heart Centre. We offer a diverse and challenging clinical experience.

We are looking for experienced critical care, cardiac registered nurses or registered nurses with a minimum of one year post graduate experience who are interested in developing their career in the Angiography and Coronary Care areas. There may be opportunities for post graduate studies in cardiovascular nursing for a suitable candidate.

The successful applicant will have:

- Current registration with AHPRA
- Minimum 1 year experience post registration
- Critical Care/ Cardiac qualification or willingness to obtain
- Commitment to patient centred care
