

Registered Nurses Cath lab

Gosford Private is seeking a Registered Nurse to work part-time in the Cath Lab.

For more than 41 years Gosford Private Hospital has played a pivotal role in providing quality care to the Central Coast community as the largest and most comprehensive private hospital in the region. With more than 148 inpatient beds, the hospital features 12 state-of-the-art operating theatres and 2 endoscopy suites and is home to the Central Coast's only private obstetric unit.

About the Role:

The Cath Lab consists of 2 labs, a recovery area, 12 cardiologists and 4 Vascular Surgeons who perform a range of diagnostic and interventional procedures.

This is an exciting opportunity for the successful candidate to work with complex cardiac, structural heart, EP and vascular interventions.

You will be an integral member of a highly skilled and motivated Cath Lab team

Essential Criteria:

- Current registration with AHPRA
- Minimum two years' experience post registration
- Previous Cath Lab experience desirable
- Previous Cardiac or critical care nursing desirable
- Advanced Life Support (requirement of lab- willing to obtain)

Applications Close: June 24 2022
